# Welcome from the President

I believe you chose wisely when you decided to enrol at Global Leadership Institute (GLI). Our motto is: Set your gaze higher. I believe your studies at GLI will be build your capacity to move to the next level of leadership in your chosen career.

Many of you will be making multiple transitions. You will be moving away from home, moving to a new country, coming to terms with a new culture, making the transition into postgraduate higher education and grappling with the English language as spoken by Australians. Each one of those changes is challenging. To face all simultaneously is a mark of great courage and preparedness to invest in your future. We honour you for that.

As a niche higher education provider, GLI offers opportunities for connection with other students and staff. Apart from the academics, whom you will meet regularly at class, we have specialists who can help with a range of issues including study skills, English language, academic writing, and personal challenges such as stress associated with assimilating into a new culture.

During your first week, there will be no scheduled classes. Instead, we have developed Orientation activities that will introduce you to life as a GLI student and provide information in a range of areas as you commence your studies.

GLI is accredited with the national higher education regulator, the Tertiary Education Quality and Standards Agency (TEQSA), to whom we report regularly. We are authorised to offer places to international students under the Commonwealth Register of Institutes and Courses for Overseas Students (CRICOS). Thus, our standards are equivalent to any other duly authorised institute of higher education in the nation.

Please take some time to read through the Orientation activities. My colleagues and I look forward to welcoming you to the GLI community.

Prof Grant Pitman  
President
